PROFESSIONAL EXPERIENCE

Fullstack Developer Intern

Rishishwar Logistics Pvt. Ltd.

May 2025 – July 2025

Hybrid

- Engineered backend APIs with TypeScript and Express, enabling secure login for 5+ user roles using JWT
- Designed and integrated real-time database logic across 6+ modules including registration, billing, and reporting
- Built an eKYC module and integrated Razorpay for a 100% digital payment experience
- Developed modular React components and enhanced performance by 30% using lazy loading and microservice architecture
- Launched dynamic dashboards supporting real-time sync across 3 departments, improving workflow efficiency by 40%

Cyber Security and Ethical Hacking Intern - IIT Bombay

January 2023 – February 2023

Gained hands-on exposure in system vulnerabilities, ethical hacking, and e-commerce security audits.

SKILLS

- **Programming Languages:** Python, C++, JavaScript, TypeScript, SQL, HTML, CSS
- **Databases:** MySQL, PostgreSQL, MongoDB
- **Web Development:** React.js, Angular, Express.js, WebContainers, Node.js
- **Tools and Platforms:** Git, Linux, REST APIs, WebRTC, Annyang.js, Postman
- **Soft Skills:** Problem-Solving, Analytical Thinking, Debugging and troubleshooting, Team Collaboration, Technical communication, Code review participation, Time management, Cross-functional teamwork

ACADEMICS

Qualification	Institute	Board/University	%/CGPA	Year
B TECH(IT)	MITS, Gwalior	MITS	8.24	2022–2026
XII	Vidya Niketan, Bhopal	CBSE	87.6%	2020–2022
X	St Joseph's Co-Ed, Bhopal	CBSE	92.8%	2007–2020

PROJECTS

- **Voice-Enabled Ticket Booking System** ⇄: Built a voice-controlled railway booking site using Node.js and MongoDB. Integrated Annyang.js for real-time speech input, reducing user interaction time by 60% for visually impaired users.
- **Code-Sphere** ⇄: Developed a multi-language IDE using the MERN stack with AI-powered code suggestions via Gemini API. Helped users refactor code 2x faster with real-time suggestions and error hints.
- **DevCrafter** ⇄: Creating an AI-powered web builder using TypeScript, WebContainers, and Node.js. Enables users to generate full web apps from prompts, with live preview and upcoming real-time chat support.

POSITION OF RESPONSIBILITIES

- **Core Member**, GDSC MITS Gwalior: Mentored peers on Git and GitHub; co-hosted 4+ dev events.
- **Core Member**, ISTE MITS Gwalior: Guided juniors in projects; helped manage 2 major college tech fests.
- **Planning Head**, FunTech Club: Led coordination of 6+ events using Google Workspace tools for effective team management.
