

ABHISHEK JAIN

+91 9516644106 ◊ Gwalior, M.P. ◊ jainabhishek624@gmail.com

PROFILE

Highly motivated Information Technology student passionate about software development, including machine learning, data engineering, and full-stack development. Proficient in Python, C++, and JavaScript, with hands-on experience in projects, debugging, and mastering Data Structures and Algorithms (DSA). Skilled in TensorFlow and Git for data analysis. Experienced in Node.js, MySQL, and microservice architecture.

ACADEMICS

Qualification	Institute	Board/University	%/CGPA	Year
B TECH(IT)	MIT, Gwalior	MIT	8.28	2022-2026
XII	Vidya Niketan , Bhopal	CBSE	87.6%	2020-2022
X	St Joseph's Co-Ed, Bhopal	CBSE	92.8%	2007-2020

PROJECTS

Voice-Enabled Ticket Booking System for Accessibility ↔

Developed a scalable **full-stack web application** using Node.js and **MongoDB** with real-time voice recognition powered by the **Annyang JavaScript library**. Enhanced usability with AI models for human voice differentiation, improving accessibility by 30%.

Code-Sphere ↔

Developing a full-stack multi-code IDE using the **MERN stack**, featuring AI-powered code autocompletion with **OpenAI API** and seamless GitHub integration for version control.

SKILLS

Programming: SQL, Python, Excel, C++, JavaScript

Data Analysis: Pandas, NumPy, Matplotlib, Seaborn, Plotly

Databases: MySQL, PostgreSQL

Tools: Git

Frameworks/Libraries: Node.js, TensorFlow

Soft Skills: Problem-Solving, Analytical Thinking, Communication, Team Collaboration

POSITION OF RESPONSIBILITIES

- Core Member, Google Developers Students Club (GDSC), MIT, Gwalior: Led automation testing and innovative projects, adhering to high-quality standards.
- Core Member, Indian Society of Technical Education (ISTE), MIT, Gwalior: Implemented backend-driven tools for student projects, promoting collaborative learning.
- Planning and Management Head, FunTech Club, MIT, Gwalior: Streamlined event workflows using real-time monitoring and automated release cycles.

ACCOMPLISHMENTS

- Achieved first prize in a college coding competition with a focus on optimizing user experience.
- Completed an internship in Cyber Security and Ethical Hacking with IIT Bombay, gaining expertise in e-commerce security and system design.
