PROFESSIONAL EXPERIENCE

Fullstack Developer Intern

Rishishwar Logistics Pvt. Ltd.

May 2025 – July 2025

Hybrid

- Developed backend architecture with RESTful APIs, JWT authentication, and role-based access control using TypeScript and MongoDB
- Implemented real-time database integration and core modules (registration, scheduling, billing, report handling)
- Built eKYC systems and integrated payment gateway for seamless transactions
- Created frontend components and ensured scalability using microservices principles
- Delivered role-based dashboards with real-time data sync and automated workflows

Cyber Security and Ethical Hacking Intern - IIT Bombay

January 2023 – February 2023

Gained expertise in e-commerce security and system design, focusing on security protocols and ethical hacking methodologies.

SKILLS

- **Programming Languages:** Python, C++, JavaScript, TypeScript, SQL
- **Databases:** MySQL, PostgreSQL, MongoDB
- **Web Development:** React.js, Angular, Express.js, WebContainers, Node.js, .NET
- **Tools and Platforms:** Git, Linux, REST APIs, WebRTC, Annyang.js
- **Soft Skills:** Problem-Solving, Analytical Thinking, Communication, Team Collaboration

ACADEMICS

Qualification	Institute	Board/University	%/CGPA	Year
B TECH(IT)	MITS, Gwalior	MITS	8.24	2022-2026
XII	Vidya Niketan , Bhopal	CBSE	87.6%	2020-2022
X	St Joseph's Co-Ed, Bhopal	CBSE	92.8%	2007-2020

PROJECTS

- **Voice-Enabled Ticket Booking System** ⇄: Developed a scalable full-stack web application using Node.js and MongoDB with real-time voice recognition powered by the Annyang JavaScript library.
- **Code-Sphere** ⇄: Built a full-stack multi-code IDE using the MERN stack. Integrated an AI-powered code optimization chatbot using the Google Gemini API, enabling real-time code improvement suggestions.
- **DevCrafter** ⇄ : Developing a dynamic platform generating web projects from prompts using TypeScript, WebContainers, and Node.js/Express, with live preview.

POSITION OF RESPONSIBILITIES

- Core Member, Google Developers Students Club (GDSC), MITS Gwalior: Contributed to organizing technical events and workshops; assisted juniors in understanding version control and open-source basics.
- Core Member, Indian Society of Technical Education (ISTE), MITS Gwalior: Participated in project mentoring sessions and supported technical fests by handling backend logistics and registrations.
- Planning and Management Head, FunTech Club, MITS Gwalior: Coordinated small-scale events and competitions, handled scheduling, and worked on streamlining announcements and task delegation using shared tools.
